

Samuel Sieloff

Charlotte, NC | sam.sieloff@outlook.com | linkedin.com/in/ssieloff | sieloffs.github.io

Data Analyst with 5+ years of experience building automated analytics solutions that improve business decisions through data modeling, automation, and machine learning. Skilled in SQL, Python, and Power BI. Currently pursuing a Master of Applied Data Science at UNC–Chapel Hill with a focus on machine learning and AI.

WORK EXPERIENCE

Newell Brands | Charlotte, NC

Senior Associate, Data & Analytics | June 2026 – Present

- Developed and launched generative artificial intelligence agents that query internal data models, allowing users to get insights quickly and accurately.
- Built custom Power Apps mobile applications to support sales audits and generate new lead opportunities.

Data Analyst, Analytics & Communication | May 2023 – June 2026

- Engineered a data pipeline that ingested web scraped pricing data into SQL and used Python logic to identify customer pricing violations. Recognized as a best in company solution.
- Saved an estimated \$100K+ annually by replacing an outsourced reporting process with a SQL and Python automation that applied custom matching logic and delivered reporting used by Finance.
- Designed a Power BI semantic model with automated reporting used daily by 100+ users. Trusted as the single source of truth by senior leadership to track over \$1B in sales.
- Developed a product recommendation model using Python and SQL to analyze customer purchasing patterns and identify high value sales opportunities, uncovering millions in potential revenue.

Lids (Hat World Inc.) | Indianapolis, IN

BI & Automation Analyst | June 2022 – May 2023

- Saved 10+ hours per week by developing an automated Azure to SQL data pipeline that transferred daily data into a legacy SQL database.
- Optimized an automated allocation model in SQL that distributed 500,000+ units weekly.

Merchandising Analytics Intern | June 2021– August 2021

- Won an intern case competition by developing the private label brand Explore by Lids, which was later rolled out nationwide and generated over \$500K in sales.

EDUCATION

Master of Applied Data Science | University of North Carolina at Chapel Hill

Chapel Hill, NC | January 2025 – May 2027 (expected)

- Coursework: Deep Learning, Math for Data Science, AI Frameworks in Production, Machine Learning

Bachelor of Science in Analytics and Information Systems | Purdue University

West Lafayette, IN | August 2018 – May 2022

- Clubs & Activities: Purdue Club Baseball (Vice President), Data Mine Learning Community, Sports Analytics

SKILLS

Programming: Python (Pandas, NumPy, scikit-learn, TensorFlow), SQL, R, DAX

Analytics: Data modeling, Machine learning, Data pipelines, ETL, Statistical modeling, Data visualization

Tools: Power BI, Power Apps, Microsoft Copilot Studio, Azure, MicroStrategy
